

I am coming forward as a federal witness against Allen Yenior 81st District judge

He was working with Jack Scully and was Present as a lawyer
in the 1993 court case With Richard Vollbach
after this case a Sixteen year old boy was Shot in the Back

in 1996 John Seebeck Attacked Me and he had a long barrel Gun in his possession
and within days another person died that could have been a witness to seebecks action

Jack Scully Campaigned very hard to Get his Law Firm Partner
to be elected Judge in 1996
and he waited many months until his law partner was seated as judge in district court
the police complaint was for a felony charge
Then Scully drooped the charge to a misdemeanor so it would stay in his partners court

and in September 11 1997 Yenior was the judge in this case
and a witness to John Seebeck and Mr Seebecks Daughter
commit perjury many times on the stand
and would not call them out on their lies

he then put Jack Scully the one who filed the warrants on me
on the stand and watched him commit perjury
and let him go free

I finally made progress in the cabals crimes against me
and he forcibly lost his robe by the state

I am coming forward as a federal witness against Allen Yenior
and James Shotwell

John Seebeck His Daughter Julie Seebeck Augres Sims Police
